

ASCE 2017 CONVENTION

NEW ORLEANS, LOUISIANA
OCTOBER 8-11, 2017

Engineering › Innovating › Leading

PRELIMINARY PROGRAM

SCHEDULE-AT-A-GLANCE

(Subject to Change)

Sunday, October 8	
8:30 a.m. – 7:00 p.m.	Registration
9:00 a.m. – 4:30 p.m.	Short Courses
TBA - Afternoon	Community Service Project, <i>Sponsored by Mott MacDonald</i>
1:00 – 5:00 p.m.	Technical Tour(s)
1:00 – 5:00 p.m.	Optional Tour
5:30 – 7:00 p.m.	Opening Welcome Reception , <i>Sponsored by Stantec</i>
Monday, October 9	
6:45 a.m. – 5:00 p.m.	Registration
7:30 a.m. – 5:00 p.m.	Communities & Pavilion
7:15 – 8:15 a.m.	Students & Emerging Leaders Welcome Breakfast & Orientation
8:30 – 10:00 a.m.	Opening Plenary Session , <i>Sponsored by WSP</i>
9:00 a.m. – 3:30 p.m.	Guest Program Orientation & Tour
10:00 – 10:30 a.m.	<i>Networking Break in Pavilion</i>
10:30 – 11:30 a.m.	Concurrent Sessions
10:30 – 11:30 a.m.	Distinguished Lecture Series
11:45 a.m. – 1:45 p.m.	Celebration of Leaders Luncheon , <i>Sponsored by ASCE Foundation</i>
2:00 – 3:30 p.m.	Concurrent Sessions
2:00 – 3:30 p.m.	ASCE CE Magazine Presents
3:30 – 4:00 p.m.	<i>Networking Break in Pavilion</i>
4:00 – 5:30 p.m.	Concurrent Sessions
Free Time	<i>Optional Evening Tour & Open Night to Explore the City</i>

Tuesday, October 10	
7:00 a.m. – 5:00 p.m.	Registration
7:00 a.m. – 5:00 p.m.	Communities & Pavilion
7:30 – 8:15 a.m.	<i>New Orleans-Style Networking Breakfast, Sponsored by HNTB</i>
8:15 – 9:45 a.m.	ASCE Annual Membership Meeting & Society Awards
10:00 – 11:30 a.m.	Concurrent Sessions
10:00 – 11:30 a.m.	ASCE Presents OCEA
11:30 a.m. – 1:00 p.m.	<i>Lunch on Your Own NOLA Variety</i>
11:30 a.m. – 1:00 p.m.	Global Luncheon & Program (ticketed)
1:00 – 2:00 p.m.	Concurrent Sessions
1:00 – 2:00 p.m.	Leadership in Today's World
2:15 – 3:45 p.m.	Industry Leaders Forum , <i>Sponsored by Bentley</i>
3:45 – 4:15 p.m.	<i>Networking Beverage Break</i>
4:15 – 5:15 p.m.	Concurrent Sessions
Wednesday, October 11	
7:30 a.m. – 12:00 p.m.	Registration
7:30 a.m. – 12:00 p.m.	Communities & Pavilion
8:00 – 9:30 a.m.	Concurrent Sessions
9:45 – 11:15 a.m.	Concurrent Sessions
11:30 a.m. – 1:30 p.m.	ASCE Luncheon & Closing General Session ,* <i>Sponsored by AECOM</i>

*A special thank you to the ASCE Foundation for its donation of an Educational Grant for the ASCE 2017 Convention.

INVITATION TO NEW ORLEANS

Come Join Us at the ASCE 2017 Convention!

Bienvenue!

I'd like to personally invite each of you to my home, New Orleans — aka NOLA, and the host city for the **ASCE 2017 Convention**. Get ready because we've created an exciting convention for you!

From compelling short courses to amazing technical tours, this year's convention week is chock full of high-caliber technical sessions and career enhancing opportunities. All in the same new program format featured at our NYC and Portland conventions, designed for you and for your boss to send you.

You'll hear first-hand accounts from experts on natural disaster response and recovery, and learn how New Orleans used rebuilding as an opportunity to strengthen community life and social justice. Also, we will offer optional tours for both convention attendees and guests to explore "The Big Easy."

You'll have abundant opportunities to meet and engage with a cross section of leaders from the public-sector community, the consulting engineering sector, academia, and colleagues from around the world – not only through learning sessions but also through networking events, lunches, dinners, and more that will take place throughout the convention.

There's so much to do in New Orleans, but here are a few things you can't miss. Stop by Cafe du Monde to try some café au lait and beignets, take in some live Jazz at Preservation Hall, savor some Creole cuisine at Commander's Palace, and take a ride on one of NOLA's historic street cars.

It's an exciting time for civil engineers as we continue to grow and adapt, remaining always resilient, motivated, and responsive to changes in the profession. The world of civil engineering is an exciting area in which to work, and we will continue to meet and bring inspired people together in forums like this to ensure we remain relevant.

See you in NOLA,

**Norma Jean Mattei, Ph.D.,
P.E., F.SEI, F.ASCE,
2017 ASCE President &
New Orleans Host**

PLENARY SESSIONS

Monday, October 9

OPENING PLENARY SESSION

8:30 – 10:00 a.m.

Don't miss ASCE's kickoff for the Convention. It's a jam-packed opening session to include welcome and opening remarks by **Andrew Herrmann, P.E., SECB, F.SEI, Pres. 12.ASCE** and Presidential remarks by **Norma Jean Mattei, Ph.D., P.E., F.SEI, F.ASCE**.

Convention Council Chair
Andrew Herrmann, P.E.,
SECB, F.SEI, Pres. 12.ASCE

Presidential Remarks
Norma Jean Mattei, Ph.D., P.E.,
F.SEI, F.ASCE
2017 ASCE President

Plenary sponsored by 

Keynote Speaker

Marci Rossell

Former Chief Economist for CNBC and Co-Host of Squawk Box

Rossell electrifies audiences nationwide, speaking on the nexus of economics, politics, culture, and the media. Rossell takes complex economic issues, often dull in the button-down business press, and makes them relevant to people's lives, families, and careers.

Tuesday, October 10

INDUSTRY LEADERS FORUM

2:15 – 3:45 p.m.

Get ready for an exciting program when ASCE explores where New Orleans is today in the wake of Katrina. What have we learned as Civil Engineers because of this disaster?

Sponsored by 

Wednesday, October 11

CLOSING GENERAL SESSION & LUNCHEON

11:30 a.m. – 1:30 p.m.

At the conclusion of this exciting week full of valuable educational sessions, short courses, tours, and networking, assemble one final time with ASCE for the Closing General Session & Luncheon. The surprise keynote speaker will bring a unique close to your convention experience while showcasing what's in store for ASCE 2018. Don't miss the announcement of this year's Closing Keynote through ASCE's social media and on the Convention website at www.asceconvention.org. Visit frequently for the latest updates!

 **CLOSING speaker brought to you by a generous educational grant from the ASCE Foundation**

Sponsored by 

CONVENTION MISSION

The ASCE Convention is the Society's premier membership event and its single annual opportunity for the entire Society to meet and join together the diversity that ASCE encompasses. The program for the Convention is integrated, cross-cultural, technical, and educational in nature – meeting the needs of the civil engineer. The Convention program is designed to meet your professional development requirements year after year, in addition to providing benefits to your employer on an educational and professional level. The attendees are the leaders in the civil engineering profession from across all disciplines and levels of experience.

CONVENTION TOPICS

STATE OF THE INDUSTRY | PROFESSION

The presentations on this topic will be given by recognized thought leaders, corporate leaders in engineering, corporate leaders from related fields, Institute leaders, and leaders in engineering education, leaders from cooperating industry organizations, and political leaders.

PROFESSIONAL DEVELOPMENT

To help take your career to the next level, topics will provide programming based on the needs of members, engineering firms, and leadership issues to educate and enhance the individual skills and practice of attendees. Potential topics include leadership, project management, value engineering, construction management, risk analysis and management, asset management, marketing, business development, public relations, political advocacy, and ethics.

MULTIDISCIPLINARY TECHNICAL

This topic is intended to bring together the best of the best from the Institutes' conferences, ASCE conferences and conferences from other professions, multi-discipline issues, innovation, best practices, hot issues, case studies, perspectives from allied professions affecting civil engineers, and new concepts.

NATURAL AND MAN-MADE DISASTERS

Come and explore disasters and catastrophes from a multi-disciplinary point of view. Sessions within this topic will look at the natural and/or man-made causes, prediction, present codes and standards and suggested revisions, effects, and how to mitigate effects by component or macro approaches.

STRATEGIC ISSUES/PUBLIC POLICY

This topic features forums to discuss the progress and direction of public policies and their effect on the profession. Sessions are intended to present current status, drill down on practicable application of policies, and explore many others areas of critical interest to the profession.

SIGNIFICANT PROJECTS

Here ASCE will cover megaprojects and offer multidisciplinary views on the feasibility, planning, design, construction, costs, public process, value, innovation, environmental sustainability, and resiliency of the project discussed.

HISTORY AND HERITAGE

Do you know the civil engineering past? Sessions are designed to cover significant civil engineering achievements within the region of the host city or of national importance having appeal for all attendees.

Stay tuned to the ASCE 2017 Convention website at www.asceconvention.org for breaking news pertaining to the plenary sessions and other events.

#ASCE17

SPECIALTY SESSIONS

DISTINGUISHED LECTURE SERIES

Back by popular demand, the Distinguished Lecture Series will again be featured at **ASCE 2017 New Orleans!** One notable author will take the stage and present an interesting session to be followed by a book signing. Plan to attend this session that was standing room only at ASCE 2016. Keep up with the **ASCE 2017** website for breaking news on the author's specific presentations.

CIVIL ENGINEERING MAGAZINE PRESENTS RESTORING THE CAPITOL DOME

While most construction projects serve only as local points of interest, some are conducted on a national stage. The restoration of the U.S. Capitol's dome was one such project. The extent of the scaffolding and the progress of the work were fully visible on various national news programs from the summer of 2014 until the fall of 2016. Very little of the work performed during the restoration could be considered typical, and all of it needed to be performed with limited effect on the occupancy and use of the spaces below. Come hear how this never-before-attempted complete restoration of the dome's interior and exterior was accomplished.

ASCE PRESENTS OCEA

The ASCE Outstanding Civil Engineering Achievement (OCEA) projects will be highlighted again this year, and the session will include short presentations from three of the finalists and the winning project, including the Pearl Harbor Memorial Bridge, the Union Station to Oak Cliff Dallas Streetcar project, and the winning project, The Emergency & Carryover Water Storage Project. This promises to be an enlightening session you won't want to miss.

LEADERSHIP IN TODAY'S WORLD: FINDING YOUR PATH

This session will demonstrate real paths to leadership to inspire leaders at every level. Attendees will hear about the paths and leadership stories through a panel discussion of successful, prominent leaders in the civil engineering profession. Learn what it takes to become an ethical leader in today's world and what leadership traits to develop to succeed. Speakers will also share their ideas on mentoring and values in order to foster leadership in others.

SHORT COURSES

Arrive early and earn valuable PDH credits by attending these short courses. More detailed information including learner outcomes and registration information is available on the website. Short courses are available on a first-come, first-served basis and have a limited seating capacity. A separate registration fee is required for all short courses. ASCE reserves the right to cancel a course if the minimum registration is not met. Review this year's selection and register early so you are not locked out.

Sunday, October 8

Essential Success Enabling Skills™ – Clearly Communicate Through Writing

Envision™ Sustainable Infrastructure Credential Training Workshop Using The Envision™ Rating System

Technical Competencies Aren't Enough – Building Cultural Competencies For A Globalized World

Women In Engineering

Join your female engineer colleagues in an interactive discussion on issues women face in engineering. The workshop kicks off with a presentation on the key topics, and then participants will break into small groups to discuss critical subjects and questions, as well as tips and strategies to address them. Each group will draft core questions for an expert panel to address, and the session will conclude by identifying actions on the key topics.

Visit the website for detailed information on the short courses.

CONCURRENT SESSIONS

This is just a sampling of what's in store when you attend this year's Convention. Last year's sessions received a 96 percent satisfaction rating, and the Technical Program Committee is working hard to create an even more engaging and thought-provoking program for New Orleans. Concurrent sessions will be held **Monday, October 9 through Wednesday, October 11**. For more information and a detailed schedule, visit the website at www.asceconvention.org.

STATE OF THE INDUSTRY | PROFESSION

Contractually Disclaim Design Liability & Risk Recognition & Management

Bridge to Vision 2025: Engineering Career Support

Who will make ASCE's Vision 2025 a reality? This session features an introduction to Vision 2025 and the Roadmap for the Profession, a case study on Wentworth Institute of Technology's Pilot program for retaining women in civil engineering, and a panel discussion of ASCE award winners sharing experiences, support systems, and personal career milestones. The session will highlight opportunities to support a diverse workforce and create career bridges that overcome obstacles to diversity and change.

PROFESSIONAL DEVELOPMENT

Real-Life Ethical Challenges Faced by Today's Civil Engineer

Engineering Risk Management: Best Practices for Today's Design Professional

This session will focus on how you can reduce your risk of professional liability claims by introducing good risk management in your everyday design practice. Drawing on her experience with actual lawsuits, attorney Sarah Johnson will discuss best practices during project execution to mitigate the risk of potential claims against design professionals. John Hansen, principal bridge project manager with HDR, will then provide insights into how his firm practices good risk management during project pursuit and after award, and discuss how he has implemented project management plans to reduce risk in recent alternate delivery large transportation projects.

MULTIDISCIPLINARY TECHNICAL

Water, Stormwater, and Flood Risk

Tunnel Inspection – A Multidisciplinary Effort: Lessons Learned and Best Practices from Recent NTIS Inspections

NATURAL AND MAN-MADE DISASTERS

Sustainability and Resiliency in Coastal Communities

U.S. Antiterrorism Design Standards and Lessons Learned in Europe

Terrorism attacks have killed more people in Europe in the last two years than in all previous years combined. U.S. Army Europe is responsible for the safety of 100,000 U.S. personnel and \$10.2 billion worth of assets across 51 countries with an extreme diversity of threats. Protecting these lives and assets is a multidisciplinary and tiered approach, but civil engineers play a crucial role in the stages of "deter" and "defend". Whether in Europe or in the U.S., civil engineers incorporate antiterrorism (AT) considerations from the first phases of planning through the final periods of construction in order to create facilities that dissuade aggressors from targeting them, and protect occupants should an attack occur.

CONCURRENT SESSIONS

(CONTINUED)

STRATEGIC ISSUES | PUBLIC POLICY

Infrastructure Report Card: Solving the Infrastructure Crisis

What's Up in Washington? Federal Infrastructure Legislation Update

President Trump has pledged to work with Congress and introduce a trillion-dollar plan over 10 years to rebuild America's infrastructure. Democrats have said infrastructure is an area where they are eager to work with the President and Republicans. How should the new funding be invested? How do P3s fit into the infrastructure plan? Where is all the buzz leading? Learn the latest legislative developments from Capitol Hill and the Trump Administration, and how engineers can get involved.

HISTORY AND HERITAGE

ASCE National Historic Civil Engineering Landmarks

Great Builders

In the past century the means and methods to design and build infrastructure have evolved at an ever increasing rate. Yet, there are timeless lessons from the builders of the "Great Projects:" the Brooklyn Bridge, the Hoover Dam, the Golden Gate Bridge, and the Panama Canal. Veteran builder and award-winning civil engineering historian Paul Giroux shares his unique perspective and motivates his audience with timeless lessons of the builders of the Great Projects.

SIGNIFICANT PROJECTS

Structural Design Innovation at a Large Scale

Numerous design innovations were incorporated into the structural engineering of the New Mercedes Benz Stadium, including a never-been-done-before retractable roof, the first use of single skin ETFE in the United States and supporting the largest scoreboard in sports. The challenges of innovation in large-scale projects will be discussed, especially in light of fast-track schedules, and the engineering solutions to these challenges will be presented.

Game Changers

America has a backlog of infrastructure improvements that need to be addressed—congested roadways, overflowing sewers, broken transit systems. But that's only half the story. Innovation is changing the way infrastructure is designed and built. As part of the Infrastructure Report Card program, ASCE has combed through successful solutions across infrastructure to identify the most innovative #GameChangers. This session will examine a few case studies of innovations as they came to fruition and the benefits that came from these creative solutions.

OPTIONAL TOURS

New Orleans has much to offer – whether it's the first visit or the 50th. Explore the city like never before with ASCE's specially designed Optional Tours. With a city rich in culture, history, and energetic activities, the opportunities for adventure are endless. Uncover a full listing of the Optional Tours being offered on the convention website www.asceconvention.org. Space is limited and available on a first-come, first-served basis, so register for yours today!

TECHNICAL TOURS

Last year's technical tours sold out early, and this year's selection will be just as exciting and popular. Tours are available on a first-come, first-served basis and have limited capacity. A separate registration fee is required to offset the costs associated with the tours. ASCE reserves the right to cancel a tour if the minimum registration is not met and a refund will be issued after the convention, if applicable. Please visit the Tours section of the website for detailed information. Register early so you won't miss your chance to participate. All technical tours are on Sunday, October 8 starting at 1:00 p.m.

New Orleans Pump Stations

IHNC Surge Barrier

Canopy of Peace Construction Site

SPECIAL NETWORKING EVENTS

Make plans to take advantage of the outstanding special events occurring at the ASCE 2017 Convention. Visit www.asceconvention.org and select the Special Events page for a full schedule of the excitement.

Sunday, October 8

COMMUNITY SERVICE PROJECT

Each year ASCE members and attendees volunteer to give back to the community hosting the ASCE Convention. Back by popular demand, the ASCE New Orleans Local Advisory Council is organizing another worthy event. So, get involved and give back to New Orleans. This city has been through so much and needs your support. Donate your time, energy, and passion to this year's community service project. Or if you are unable to arrive early, make a donation when you register. Detailed information is available on the Convention website. The event is slated to start at approximately 1:00 p.m. Check back frequently for confirmation of the start time.

Sponsored by 

WELCOME RECEPTION

5:30 – 7:00 p.m.

New Orleans! What better way to kick off your 2017 Convention experience than connecting with your friends and colleagues prior to exploring what NOLA has to offer. ASCE definitely has a surprise in store for you. Stay tuned to ASCE social media connections and the Convention website for breaking news and updates.

Sponsored by  Stantec

Monday, October 9

STUDENTS & EMERGING LEADERS WELCOME BREAKFAST (BY INVITATION ONLY)

7:15 – 8:15 a.m.

Yes, it is still scheduled for **7:15 a.m.**, and it's still a great way for you to kick off the day to greet, meet, and eat with fellow students from across the nation and around the world! You'll have time to network with ASCE leadership and VIPs, meet the ASCE Convention committees, and mingle with local students who know all about where to go and what to see while in New Orleans! It's great food, fun challenges and prizes, and an opportunity to learn more about how to maximize your time at ASCE 2017. So, get in the spirit, represent yourselves with your school colors on Monday morning, and let's see who will win a prize for the most in school colors! See you there!

GUEST ORIENTATION AND CITY TOUR

9:00 a.m. – 3:30 p.m.

New Orleans – what a great city and you're bringing a guest and/or your family with you. Worried about what they can do while you are attending sessions? ASCE Guest Program will entitle your guest(s) to attend a session hosted by local experts to learn what there is to see and do in The Big Easy, followed by an exciting and informative city tour. It will be a fun-filled way to get the most out of your visit. Also, included in the guest program is access to the **Welcome Reception** on Sunday night. Join other fellow guests to network, make new friends, plan outings all while enjoying what the New Orleans tour has to offer. It's a great opportunity – plan to take advantage.

Brought to you by New Orleans Convention & Visitors Bureau

For more information, visit the website at www.asceconvention.org and click Guest Program.

CELEBRATION OF LEADERS LUNCHEON

11:45 a.m. – 1:45 p.m.

Come and celebrate the Society's highest recognition – Distinguished Member. Each year ASCE inducts a class of civil engineers who have, as either practitioner or educator, attained distinction in some branch of engineering or its related arts and sciences. Learn more about this year's outstanding achievements and celebrate the inductees' careers. It's a great way to network with your friends and colleagues while enjoying a savory New Orleans menu. Show your support for the profession and these remarkable individuals. It's an event you cannot afford to miss.

Tuesday, October 10

NEW ORLEANS-STYLE NETWORKING BREAKFAST

7:30 – 8:15 a.m.

Sponsored by **HNTB**

ASCE ANNUAL MEMBERSHIP MEETING & SOCIETY AWARDS

8:15 – 9:45 a.m.

Thomas W. Smith III, ENV SP, CAE, F.ASCE,
ASCE Executive Director

Inaugural Remarks
Kristina L. Swallow, P.E., ENV SP, F.ASCE
2018 ASCE President

ASCE kicks off Tuesday morning by celebrating the success and achievements of the Society as reported by ASCE Executive Director **Thomas W. Smith III, ENV SP, CAE, F.ASCE**. He is joined by ASCE President **Norma Jean Mattei, Ph.D., P.E., F.SEI, F.ASCE** to present ASCE Society awards and install your new Officers. The meeting concludes with inaugural remarks from 2018 ASCE President, **Kristina L. Swallow, P.E., ENV SP, F.ASCE**.

REGISTRATION INFORMATION

For pricing information, access to the registration form, and to register online, please visit www.asceconvention.org. Registration will open in early June.

RECEIVE MEMBER RATES

Not a member of ASCE? Join today and save on your ASCE 2017 registration. Simply visit www.asce.org/join or call **(800) 548-ASCE (2723)** to request an application and/or register for the convention. For more information on member benefits, go to www.asce.org/membership. NOTE: You must be a member in good standing to qualify for the member rates.

EARLY-BIRD (EB) AND ADVANCE (ADV) REGISTRATION DISCOUNT

Don't miss out! Register early and receive the best savings.

Upcoming registration deadlines:

Early-bird registration

August 2, 2017

Advance registration

September 6, 2017

Registration forms, including complete payment information, must be RECEIVED by the respective date to qualify for the Early-bird registration or Advance registration discounts. Please do not mail registration forms through the U.S. Postal Service AFTER **September 16, 2017 in order to ensure your registration is processed by the **September 13, 2017** deadline.*

GUEST REGISTRATION

Guest Registration includes ASCE's Welcome Reception on Sunday, October 8 and the guest orientation and tour on Monday, October 9. All additional tours and meals require an additional fee.

CONFIRMATION OF REGISTRATION

A confirmation will be emailed to all advance registrants within three (3) business days of registering for the convention. Early-bird and Advance registrants will receive their name badges and any tickets ordered at the on-site ASCE Registration desk during registration hours. If you do not receive confirmation within three (3) business days, please contact ASCE Registration at **(800) 548-2723** and ask to speak with Customer Service, or email registrations@asce.org. To help us serve you better, please reference **ASCE Convention** in the subject line.

INTERNATIONAL ATTENDEES

International attendees, please be sure to visit the Convention website at www.asceconvention.org and click on International to review visa requirements and guidelines. Please file your paperwork at least **four (4) months** in advance in order to be eligible for a refund prior to the registration cutoff date. ASCE cannot refund registration fees after the registration cutoff date due to an individual's inability to obtain a visa.

Cancellations/Refunds

Cancellations must be sent in writing or via email. A refund will be issued, minus a \$100 processing fee, if the cancellation notice is received by ASCE by the **September 20, 2017**. No refunds will be made for cancellations received after the three-week deadline of **September 20, 2017**. Send cancellations to registrations@asce.org or fax to **(866) 902-5593**.

RECORDING OF SESSIONS

Video or audio recording of any educational session is strictly prohibited without prior written permission from both ASCE and the session presenter(s).

Release/Waiver/Special Assistance

Photograph Release: By submitting the Registration form, I hereby release any photographs that may incidentally be taken of me during these events by ASCE to be used for any purpose. Visit the General Information section of the website at www.asceconvention.org for detailed information.

Need help convincing your boss you should attend?

Visit the Convention website for more information on reasons to attend.

HOTEL INFORMATION

New Orleans Marriott

555 Canal Street
New Orleans, LA 70130
Phone: (504) 581-1000

The New Orleans Marriott is the headquarters hotel of the ASCE 2017 Convention.

MAKE YOUR RESERVATION

To make your reservation and get information on hotel amenities, guest rooms, or parking availability, please proceed to www.asceconvention.org and click on Lodging & Transportation. Detailed instructions on making your reservations are available.

HOTEL RATES

Single/Double: \$259.00

All room rates are subject to applicable tax, which is currently 13% and \$3.00 per room, per night and is subject to change without notice.

Check in time is **4:00 p.m.** Check out time is **11:00 a.m.**

To qualify for ASCE 2017 Convention rates, reservations should be made **no later than Tuesday, September 19**. This room rate is based on a first-come, first-served basis. Make your reservations early to ensure availability.
